Our contract allows us to review and adjust the room block and meeting space on June 1, 2021 and June 1, 2022. Presently our total number of room nights is 435 (June 5 to June 11). The hotel reserves the right to review and adjust room block up to May 12, 2023 as this is the “cut-off date”. At that time, all unreserved rooms will be released for sale to the general public.

We are planning to have Mini classes, Boutique (already contracted), Exhibit, and a Merchandise / Stash Event. We are still discussing ideas for Region Day as well as finalizing our logo design.

Respectfully submitted
