We will begin registration June 2 in-person at the 2021 SCR Seminar at Georgetown and on-line. There are eight great teachers lined up to teach three 3-day classes and five 2-day/1-day classes along with two additional virtual classes taught by two teachers beginning July 2022-September 2022. You may choose to take in-person classes along with virtual classes, but if you have a scheduling conflict you can still be take part in Seminar 2022 by taking one or both of the virtual classes offered. Some Seminar favors and goodies will be available to the virtual only attendees.
