

Special Events Coordinator:

I have been trying to iron out the final details for the Embassy Suites contract for February 2022 mid-year meeting. Hopefully by the time you read this in June, we'll have a signed contract. Costs have risen greatly. We should expect to pay higher prices, especially for food.

* I have no opinion on this, but if the Region is going to pay for a Zoom account for the foreseeable future, we should consider whether to end in-person mid-year board and general membership meetings. The cost savings of not having in-person meetings at the hotel might offset some of the cost of maintaining a Zoom account. Something for the board to consider....
